Before starting any exercise or diet program, you should consult your GP or healthcare professional to determine that this is right for you. We offer meal planning inspiration and guidance only, and our meal plans are intended to serve as encouragement to eat lean protein and nutrient-rich vegetables and accommodate your daily requirements for macronutrients. 6. ORDERING COACHING SERVICES

You may order our services by signing up through the contact form on our website. We or our sales representative will then contact you to learn more about you and your wishes. If there's a fit between us, you will be sent an email containing the details for your coaching as agreed between us, as well as a payment link. Our acceptance of your order will take place when we email you to accept it, at which point our contract for coaching services will come into existence between you and us.

If we are unable to accept your order, we will inform you of this and will not charge you for the coaching services. This might be because of unexpected limits on our resources which we could not reasonably plan for, because a credit reference we have obtained for you does not meet our minimum requirements, or because we have identified an error in the price or description of the services.

The agreement you may enter into may have the following languages: English or Swedish. Please contact us if you wish to receive the agreement in any of one of these languages.

You may at any time change the information in your order until it has been accepted by emailing amandalouisefitness@gmail.com.

Once an order is accepted, a copy of these Terms will be emailed to you directly together with an order confirmation. Once the order is complete, the Service will be available to you as detailed in your order confirmation.

The Service will continue (and these Terms will stay in force) for the duration of your programme.

If you agree to receive our paid-for Services (including our coaching services), you will be signed up for payment through a third party service. We use the payment system delivered by Stripe which is commonly used around the world.

With automatic signup, your card details will be encrypted during transmission through Secure Sockets Layer (SSL) encryption. This encryption ensures a high level of security regarding unauthorized access to your information.
